Regulatory Framework

- Nuclear Industry needs a regulatory framework that is :
 - Strong, credible, and transparent
 - Stable, predictable, and efficient
 - Standardized/harmonized

- MDEP objectives generally support those needs :
 - Leverage global cooperation
 - Harmonized regulatory practices and requirements while retaining sovereign authority

Feedback

- Positives
 - Cooperation between diverse regulators enhances safety
 - Standardization/harmonization of regulations has the potential to enhance stability, predictability, and efficiency
- Areas for Improvement
 - Accurate and complete sharing of information
 - Vendor participation
 - Regulating innovative technology

Thank You
